

## AVZMT Case Logs

### Requirements:

1. Minimum of forty (40), maximum of fifty (50) acceptable cases.
2. Maximum of one page per case.
3. Do not deviate from the Case Log template.
4. Error-free spelling and grammar.
5. All text must fit in the boxes provided, and all boxes must be completed with applicable information regarding the case. Enter “N/A” if no histopathology findings.
6. Each Case Log must be assigned a number in chronological order by date.
7. Case Logs with a corresponding Case *Report* – enter the Case *Report* number in the highlighted section.
8. Proper medical abbreviations may be used throughout the Case Logs; a glossary must be included for all abbreviations used.

### Case Log contents:

1. Follow the case from presentation to conclusion, including histopathology findings, if applicable.
2. Demonstrate your mastery of advanced technical skills. It is recommended multiple advanced skills be represented in each case.
3. Reflect your understanding of the case by briefly detailing abnormal diagnostic findings under Case Synopsis, including differential diagnosis and a brief discussion about why particular diagnostics, treatments, procedures were chosen.

Case Logs must be the original work of the applicant and become the property of AVZMT.

**PLAGIARISM WILL RESULT IN IMMEDIATE REJECTION OF THE APPLICAITON**
